Hail! Ancient Chinese 2010 audisee ebooks with audio combine professional narration and text highlighting for an engaging read aloud experience have you ever worn silk eaten rice used a calendar all these things came from ancient china more than two thousand years ago the ancient chinese invented tools and treasures that still shape our lives find out where the ancient chinese lived what their lives were like and what happened to them discover how they changed the world

The Ancient Chinese 1980 these two volumes elucidate the manner in which there emerged on the north china plain hierarchically structured functionally specialized social institutions organized on a political and territorial basis during the second millennium b c they describe the way in which during subsequent centuries these institutes were diffused through much of the rest of north and central china author paul wheatley equates the

emergence of the ceremonial center as evidenced in shang china with a functional and developmental stage in urban genesis and substantiates his argument with comparative evidence from the americas mesopotamia egypt southeast asia the mediterranean and the yoruba territories the origins and character of the ancient chinese city seeks in small measure to help redress the current imbalance between our knowledge of the contemporary western style city on the one hand and of the urbanism characteristic of the traditional world on the other those aspects of urban theory which have been derived predominantly from the investigation of western urbanism are tested against rather than applied to ancient china the origins and character of the ancient chinese city examines the cosmological symbolism of the chinese city constructed as a world unto itself it suggests with a wealth of argument and evidence that this cosmo magical role underpinned the functional unity of the city everywhere until new bases for urban life began to develop in the hellenistic world whereas the majority of previous investigations into the nature of the chinese city have been undertaken from the standpoint of elites the origins and character of the ancient chinese city has adopted a point of view closer to that of the social scientist than the geographer

Tools and Treasures of Ancient China 2017-08-01 this authoritative volume examines the two main faiths confucianism and daoism that developed before china had meaningful contact with the rest of the world aspects of buddhism later joined features of these faiths to form elements of chinese ideology and with the beliefs in immortals and the worship of ancestors they led to a popular religion the narrative describes the gods and goddesses that dominated china s mythology and folk culture roughly from the 3rd millennium to 221 bce including the baxian eight immortals chang e moon goddess guandi god of war the men shen door spirits and pan gu first man

The Origins and Character of the Ancient Chinese City 2017-07-12 religions of ancient china by herbert allen giles is an educational text that helped to bring the rich history of ancient china to the western world a seminal text the book is still worth reading today despite the greater number of books on the topic that are now available

Gods & Goddesses of Ancient China 2014-07-15 china is a massive country but its surrounding mountains two seas and hazardous deserts kept it fairly secluded in fact early chinese referred to it the middle kingdom or the center of the world china s major geographical features shaped so many aspects of life in ancient china including how the various civilizations developed their social organization and the food they grew and raised this illuminating resource reveals how the different ancient chinese dynasties worked with and made the most of their harsh conditions

Religions of Ancient China 2019-11-22 it provides a fundamental perspective for viewing the nature and structure of ancient chinese civilization as having a strong political orientation introduction

Ancient Chinese Government and Geography 2016-07-15 this book breaks with convention and provides an overview of chinese history in the form of special topics these topics include the major issues of a scientific approach to the origins of chinese civilization ancient chinese society and the change of dynasties the golden ages of the han tang and qing dynasties a comparative analysis transportation systems and cultural communication in ancient china ethnic relations in chinese history the systems of politics law and selecting officials in ancient china agriculture handicraft and commerce in ancient china the military thought and military systems of ancient china the rich and colorful social life in ancient china the evolution of ancient chinese thought the treasure house of ancient chinese literature and art the emergence and progress of ancient chinese historiography reflection on ancient chinese science and technology new issues in the modern history of china and a general progression to the socialist modernization of the people s republic of china the book is based on current literature and research by university students the modern history section is relatively concise while the topics related to ancient chinese history are longer reflecting the country s rich history and corresponding wealth of materials there is also an in depth discussion on the socialist modernization of the people s republic of china the book provides insights into chinese history allowing readers to

see the value of civilization through history to see the preciseness of history through civilization it focuses on the social background lifestyle and development processes to illustrate ideologies and ideas

Art, Myth, and Ritual 1983 how was the vast ancient chinese empire brought together and effectively ruled what are the historical origins of the resilience of contemporary china s political system in the constitution of ancient china su li china s most influential legal theorist examines the ways in which a series of fundamental institutions rather than a supreme legal code upholding the laws of the land evolved and coalesced into an effective constitution arguing that a constitution is an institutional response to a set of issues particular to a specific society su li demonstrates how china unified a vast territory diverse cultures and elites from different backgrounds into a whole he delves into such areas as uniform weights and measurements the standardization of chinese characters and the building of the great wall the book includes commentaries by four leading chinese scholars in law philosophy and intellectual history wang hui liu han wu fei and zhao xiaoli who share su li s ambition to explain the resilience of ancient china s political system but who contend that he overstates functionalist dimensions while downplaying the symbolic exploring why china has endured as one political entity for over two thousand years the constitution of ancient china will be essential reading for anyone interested in understanding the institutional legacy of the chinese empire

An Introduction to Chinese History and Culture 2016-10-09 this is an easy to read yet highly informative history of ancient china it is a classic in the field and covers all aspects of ancient chinese life and culture from the dynasties of the kings to the occupations and entertainments of the people including ancient chinese religions sports literature and customs as well as the politics geography and wars of this great civilization it also includes chapters on ancient japan human sacrifice ancestor worship and many interesting but generally unknown facts

The Authenticity of Ancient Chinese Texts 1929 reveals cultural paradigms and historical prejudices regarding the role of birthing and women in the reproduction of society using newly discovered and excavated texts constance a cook and xinhui lu systematically explore material culture inscriptions transmitted texts and genealogies from bce china to reconstruct the role of women in social reproduction in the ancient chinese world applying paleographical linguistic and historical analyses cook and lu discuss fertility rituals birthing experiences divine conceptions divine births and the overall influence of gendered supernatural agencies on the experience and outcome of birth they unpack a cultural paradigm in which birth is not only a philosophical symbol of eternal return and renewal but also an abiding religious and social focus for lineage continuity they also suggest that some of the mythical founder heroes traditionally assumed to be male may in fact have had female identities students of ancient history particularly chinese history will find this book an essential complement to traditional historical narratives while the exploration of ancient religious texts many unknown in the west provides a unique perspective into the study of the formation of mythology and the role of birthing in early religion constance a cook is professor of chinese at lehigh university and the author of *Death in Ancient China: The Tale of One Man's Journey* xinhui lu is professor of chinese ancient history at beijing normal university china

The Constitution of Ancient China 2018-08-07 this volume comprises twelve papers written by chinese scholars on various aspects of the history of ancient chinese economic thought the contributions are preceded by an introduction which gives an overview of the development of the subject of history of economic thought in china and which also provides an historical context to the individuals who constitute the major schools of ancient chinese economic thought the authors of the papers are leading scholars who have dominated this research area since the founding of new china in 1949 while the broad range of topics covered by the contributions includes questions of methodology detailed and sometimes controversial interpretations of texts and schools and the international influence and modern relevance of ancient chinese thought a recurrent theme is that ancient chinese thought has at least as much to offer to the historian as ancient western thought as the first such volume of papers to be translated into

english this collection provides a unique opportunity for non chinese readers to sample the way in which chinese historians of economics have attempted to understand their own intellectual heritage this book will be relevant to scholars interested in the history of economic thought economic history and chinese studies
