Sexually Stigmatized Communities 1999-05-10 pleidooi voor een nieuwe christelijke seksuele ethiek die niet is gebaseerd op heteroseksistische vooroordelen

It Makes Me Sick 2005 ten years after he first brought us the book homophobia which laid bare the harsh realities and harmful effects of this sexual bigotry psychiatrist martin kantor delves again into prejudice and discrimination even flat out acts of absolute hatred against gays in the united states have things changed one might think so ten years ago matthew shephard was strung up to die on a fence because he was gay but no such blatant hatred has made headlines here since the turn of the millennium ten years ago pat robinson authored a book that assured lasting peace would only occur when a group including drug dealers assassins worshippers of satan and homosexuals are no longer on top yet by 2007 robinson was pledging support for pro gay republican presidential candidate rudy giuliani and gays only longing for a formal relationship a decade ago are now entering into civil unions even gay marriage in states that have legalized the ceremonies hate crime laws have been revised to include gays and gays are now recognized in domestic partner clauses common across insurance policies people appear open about homosexuality in the media gays are featured on television shows and in movies alongside straights the advances seem great but they are only surface advances cautions kantor because the consequences of hate crimes are a lot more severe than they used to be gays and lesbians are being hunted down and beaten up less frequently than they once were but people are still full of hate just more wary of punishment so more circumspect about how they express it in this new edition kantor tells in harsh detail how and why people still fire off slurs like faggot and dyke and threaten harm from blowing up their homes to bashing in their heads kantor takes us across sites in america from city streets to hospitals schools broadcast stations and churches to police departments showing how homophobia is still very much alive while the problem may be less acute it is still chronic and while it may not take as many lives it ruins perhaps even more he explains homophobia is a phenomenon that in significant respects parallels mental illness adds the psychiatrist education alone will not stem the homophobic tide we also need to uncover and treat the psychoneurotic dimension of homohatred yes we can admire the changes in homophobia over the last decade but we must not forget or ignore the fact that the human beings who create homophobia haven't changed that much even over the centuries

## **Challenging Homophobia and Heterosexism: Lesbian, Gay, Bisexual, Transgender and Queer Issues**

2006 homosexuality is not a problem heterosexism is and heterosexism is often supported by religious statements and practices against sexual minorities heterosexism in contemporary world religion seeks to draw out strands in each major religion that are antidotal to such practices and attitudes book jacket

Disruptive Faith, Inclusive Communities 2015 although acceptance of difference is on the rise in america it s the rare gay or lesbian person who has not been demeaned because of his or her sexual orientation and this experience usually starts at home among family members whether they are excluded from family love and approval expected to accept second class status for life ignored by mainstream arts and entertainment or abandoned when intervention would make all the difference gay people are routinely subjected to forms of psychological and physical abuse unknown to many straight americans familial homophobia as prizewinning writer and professor sarah schulman calls it is a phenomenon that until now has not had a name but that is very much a part of life for the lgbt community in the same way that susan brownmiller s against our will transformed our understanding of rape by moving the stigma from the victim to the perpetrator schulman s ties that bind calls on us to recognize familial homophobia she invites us to understand it not as a personal problem but a widespread cultural crisis she challenges us to take up our responsibilities to intervene without violating families community and the state with devastating examples schulman clarifies how abusive treatment of homosexuals at home enables abusive treatment of homosexuals in other relationships as well as in society at large ambitious original and deeply important schulman s book draws on her own experiences her research and her activism to probe this complex issue still very much with us at the start of the twenty first century and to articulate a vision for a more accepting world

Heterosexism 1993-01-01 discover new information and perspectives on why today s culture holds prejudice toward gay men and lesbians the construction of attitudes toward lesbians and gay men explores the pervasiveness and widespread social acceptance of heterosexism in the united states by analyzing existing social and political systems for their representative beliefs as a scholar or student of psychology sociology women s studies gay lesbian studies or social work who is concerned with the need for positive change in attitudes toward same sex relationships at cultural this book is for you you will learn more about current indicators of heterosexism and homonegativity at multiple levels of representation and better understand the cultural obstacles and openings for attitudinal transformation ii in the construction of attitudes toward lesbians and gay men empirical research critical social analysis theoretical development and case study applications are used to investigate negative attitudes toward homosexuals some of the individual social and cultural prejudices that you will examine include hiv aids stigma and hiv aids knowledge negative legal imagery of homosexuals portrayed by courts such as in the 1996 majority opinion in romer v evans case the lack of civil rights for homosexuals including laws forbidding homosexual marriage homophobia in academia based on institutional policies for spouse benefits judeo christian mythologies stereotypical masculine and feminine images portrayed by the media sociocultural and historical origins of sexism the construction of attitudes toward lesbians and gay men is a critical investigation of representations of homonegativism in american culture you will gain a deeper understanding of individual identities and relational behaviors within today s dominant culture through an analysis of collective ideologies institutional policies and more the immense research and knowledge contained in this book provides you with a multifaceted view of current indicators of heterosexism and homonegativity and works to eliminate anti gay lesbian prejudice

Homophobia 2009-02-17 as opposed to many of their more reserved predecessors modern television serials such as queer as folk and the l word which concentrate predominantly on queer characters dare to include numerous highly controversial story lines feature explicit sex scenes and reflect upon previously tabooed aspects in their depiction of homosexuality challenging heterosexism from the other point of view discusses how these specifically queer shows fulfill a function of challenging institutionalized attitudes of society such as dichotomous notions of gender heterosexism or homophobia moreover the question is raised whether they also serve to do the opposite unintentionally by reinforcing stereotypes and potentially creating a rather rigid image of the concept of homosexual identity the complexity of the cultural impact suggested by these series defines the focal point of the qualitative content analysis of these innovative media products

**Heterosexism in Contemporary World Religion** 2007 how do lesbians and gays negotiate their sexual identities in mental health care contexts how do they manage the institutional homophobia and heterosexism embedded in health care practice and practitioners using interpretive phenomenology hazel platzer overturns limiting dualisms to describe the ways in which lesbians and gays are silenced and pathologized in their mental health care encounters how they resist and how their resistance can restrict access to care she highlights the difficulties of researching a sensitive topic with a relatively hidden population and devises innovative techniques for handling bias and a multi methods approach to the phenomenological study of experience and identities she then offers proactive steps toward creating a health care environment in which lesbian and gay identities are normalized improving both access to

and quality of health care

**Community Organizing Against Homophobia and Heterosexism** 2012 this timely and important book focuses on the problems of heterosexism and homophobia in schools and explores how these forms of oppression impact lgbtqq youth as well as all young people the author shows how concerned teachers can engage students in literacy practices both in and out of school to develop positive learning environments the featured vignettes focus on fostering student agency promoting student activism and nurturing student allies with a unique combination of adolescent literacy and teacher action projects this book offers a valuable model for educators interested in creating safe learning communities for all students

**Ties That Bind** 2009-09-15 this timely and much needed insight into the issue of prejudice in general includes discussion on the nature of antigay prejudice stereotypes and behaviours and the need for science and psychology to confront homophobia and related issues

**The Construction of Attitudes Toward Lesbians and Gay Men** 2013-11-12 this collection of original essays will unravel the current heterosexual scene in two parts one on rights and privileges the other on popular culture topics covered include weddings proms citizenship marriage penalties cartoons mermaids and myth

**Challenging Heterosexism from the Other Point of View** 2012 this comprehensive textbook helps social workers understand and meet the needs of lesbian gay and bisexual people it outlines approaches to a range of everyday problems associated with issues of oppression family acceptance shame identity development hiv disease and addiction the first of the book's three sections provides an overview of what it means to be gay lesbian or bisexual and locates the text within the ecological model of social work on individual interpersonal and institutional levels of intervention this section includes definitions of sexual orientation forms of heterosexism and homophobia and issues of community among gay lesbian and bisexual people the second section covers life transitions including childhood adolescence and late life as well as sexual relationships parenting and life in the workplace the last part covers the special issues and challenges of mental health substance abuse violence both gay bashing and domestic violence and hiv disease the final chapter pulls together the practice concepts introduced in the book and provides a blueprint for knowledge development and dissemination in the field

**Positioning Identities** 2017-07-12 argues that people of all sexual orientations are hurt by being straight torn from their full human potential and squeezed into molds that support our dominant institutions human relationships with either sex are incomplete and unfulfilling chapters on how to be straight and how to be gay describe the roles heterosexual and non heterosexual people are conditioned to live in order to maintain this status quo back cover

**An Injury to One is an Injury to All [microform] : Heterosexism, Homophobia, and Anti-gay** 1995 school experiences of gay and lesbian youth the invisible minority shows teachers youth advocates administrators and academic researchers how to embrace the needs of sexual minority students through research and case studies this book explains the ways in which schools are failing the vulnerable population of gay lesbian and bisexual youths this text shows you how to take responsibility for recognizing and protecting the rights and needs of gays and lesbians and ridding schools of discrimination harassment and violence as school experiences of gay and lesbian youth illustrates the consequences of the cognitive social and emotional isolation that sexual minority youths experience as a result of homophobia and heterosexism can be devastating with this book's helpful suggestions provocative insight and open challenges you can help gay and lesbian youths develop feelings of self worth as well as positive aspirations for their futures experiences of gay and lesbian youth will help social workers psychologists academics counselors and other professionals understand the dearth of role models in the career development of lesbian and gay youths how to integrate sexual orientation into career counseling how to incorporate the topic of homosexuality into educational curricula forms of homophobia from the victim's and the aggressor's points of view and heterosexism in the high school environment how to open discussions about gay and lesbian issues at school the importance of having visible lesbian gay and bisexual staff who can provide support for sexual minority youth school experiences of gay and lesbian youth also informs you on the experiences gay and lesbian adults who attended high school five to fifty years ago as well as college students who have reported incidents of homophobic behavior in high school in addition this text discusses teachers fears of being fired as a result of talking about sexual minority issues and how school environments can lead students to become drop outs experiences of gay and lesbian youth will inform you on the issues facing gay and lesbian youth and provide you with suggestions on how to make the classroom a welcoming environment regardless of sexual orientation

**Challenging Homophobia** 2008 the prevailing understanding of homophobia is the sociopolitical view of it as an unfortunate mean spirited attitude toward gays and lesbians to be condemned and overcome as an alternative to this understanding the author offers a psychological view of homophobia as a disorder of heterosexual individuals

**A Certain Terror** 1993 explore the crucial issues facing the glbt population in their struggle for

acceptance in contemporary america sexual minorities discrimination challenges and development in america examines the stumbling blocks that prevent gays lesbians bisexuals and transgenders from living wholesome healthy lives this book concentrates on the effects of outside influences on the homosexual psyche from adolescence to mid life and programs and services that need to be developed to improve quality of life while some outside influences can make positive changes such as internet based outreach to educate men in chat rooms about hiv sexual minority groups face negativity from society in the forms of homophobia and heterosexism sexual minorities uses statistics charts graphs and surveys to reveal a remarkable trend correlating how contemporary american society treats sexual minorities and how it affects their psychological and psychosocial health this book also reveals how when internalized this hurtful discrimination can cause self hatred and depression each chapter focuses on a different aspect of the glbt population including the history of homophobia and intolerance toward homosexuals with its basis in cultural religious and sociological views an in depth survey utilizing erikson s psychosocial model to determine the lifespan development of seven out gay males who discuss their coming out period their roles in society their legacies and later life issues the lack of federal legislation protecting glbt employees in the workplace and recommendations for creating a sense of security for these employees a case study revealing the high incidence rate of heterosexism amongst social workers and the repercussions this could have among homosexual clientele surveys and statistics investigating the rate of abusive behavior in lesbian relationships three chapters involving specific issues of gay lesbian and bisexual adolescents such as coming out risk and protective factors and being homosexual in a rural environment as opposed to a city sexual minorities is an important tool for everyone in today s society from students and practitioners of social work health care human sexuality psychology and sociology to legislators lawyers activists and business owners this book is also vital for every parent relative or friend of a man or woman labeled as a sexual minority

Interrupting Hate 2015-04-24 how well does social policy serve this understudied population although public policy and social programs responding to the aids and hate crime epidemics of the past decades are supposed to be designed for the working class gay man in actuality they have been based more on socioeconomic bias stereotype and anecdote than on social science what do these men actually want and need how well do programs work for them the answers are found in working class gay and bisexual men the landmark international study that is among the first to empirically examine the lives attitudes needs and concerns of this hidden population working class gay and bisexual men reports on research conducted throughout the united states canada australia and new zealand using a broad based sample of working class men using ethnographic techniques researchers systematically captured and analyzed the social themes of their lives the impressively detailed and consistent results should compel policymakers to rethink their assumptions about working class gay men this carefully conducted scientific research project also provides a forum where the men s own voices can be heard topics include what gives them the strength to cope with violence homophobia aids and discrimination how can they come out to their families friends and coworkers how do rural gay and bisexual men handle their isolation what kinds of social support networks do they have how do latino gay men handle the double discrimination of gay and minority status what kinds of social services would reach these men what are the risk factors and protective factors in their lives how do socioeconomic factors affect them working class gay and bisexual men is a powerfully persuasive work of scholarship with broad ranging implications social workers policymakers aids activists and anyone else concerned with the lives of gay and bisexual men will find this informative study an essential tool for designing effective programs

*Stigma and Sexual Orientation* 1998 this ethnography of the sexual culture of males who have sex with males in the lower class part of san pedro sula honduras shows that the analytic distinction between gender and sexuality is inoperative for honduran men it provides original research and innovative analysis of latin american sexual culture and the gendering of latino sexualities and based on the views of lower class hondurans challenges the heralding of globalization as liberation the collaboration between a latin american anthropologist and an american comparativist sociologist is particularly novel and noteworthy for including the perspectives on homosexuality of the young men hombres who penetrate those classified as homosexuals and makes important contributions to latin american studies gender studies cultural studies and to understanding sexual cultures

**When the Closet is a Region** 2001 tin s dictionary of homophobia is so sweeping in its scope that one can dip into it again and again and learn something or confront an idea in which even the most well read queer will find fresh intellectual nourishment and historical illumination gay city news based on the work of seventy researchers in fifteen countries the dictionary of homophobia is a mammoth encyclopedic book that documents the history of homosexuality and various cultural responses to it in all regions of the world a masterful engaged and wholly relevant study that traces the political and social emancipation of a culture the book is the first english translation of dictionnaire de l homophobie published in france in 2003 to worldwide acclaim its editor louis georges tin launched the first international day against homophobia in 2005 now celebrated in more than fifty countries around the world the dictionary of homophobia includes over 175 essays on various aspects of gay rights and homophobia as experienced

in all regions in africa the americas asia europe and the south pacific from the earliest epochs to present day subjects include religious and ideological forces such as the bible communism judaism hinduism and islam historical subjects events and personalities such as aids stonewall j edgar hoover matthew shepard oscar wilde pat buchanan joseph mccarthy pope john paul ii and anita bryant and other topics such as coming out adoption deportation ex gays lesbiphobia and bi phobia in a world where gay marriage remains a hot button political issue and where adults and even teens are still being executed by authorities for the crime of homosexuality the dictionary of homophobia is a both a revealing and necessary history lesson for us all

**Thinking Straight** 2013-05-13 this interdisciplinary text develops a theory of heterosexism and provides everyday examples from health and social care environments it engages with current debates including intersecting identities and presents a coherent analysis of the health and social care needs of lesbian gay bisexual and transgender people

**Not Just a Passing Phase** 1998 navigating differences friendships between gay and straight men is a one of a kind cross sexual study that shows you how today s gay and straight men build maintain and foster true friendships in this activist participatory study you ll get a day in the life look at 44 pairs of cross sexual men s friendships and see what helps them negotiate the terrain of their emotional sexual psychological and social differences in today s climate of often publicly defended homophobia and heterosexism navigating differences succeeds in bringing the true picture of cross sexual men s relationships to you regardless of your personal orientation or political affiliation you ll find information straight from the lives of the study s participants that shows you how different sexual orientations impact the way men spend time together maintain friendships cope with sexual struggles and open good communication channels most importantly you ll get detailed facts and feedback concerning hegemonic masculinity embracing struggling with and ignoring differences group demographic characteristics embeddedness and emotional communication outness in groups out groups and reference groups hearsay and prejudice might claim to know what gay and straight men think of each other but navigating differences replaces rumors with research and shows you what really keeps gay and straight men in lasting friendships in all arenas of life you ll learn firsthand what it takes to overcome differences and what it means to turn difference into meaningful relationships
