Searching the Law, 3d Edition **2021-12-13**

three international leaders in public procurement law fully explain how the procurement award process must be managed to achieve its goals in global market economy

The Air Force Law Review 1998

governments spend huge amounts of money buying goods and services from the private sector how far should their spending power be affected by social policy arguments against the practice are often made by economists on the grounds of inefficiency and lawyers on the grounds of free competition and international economic law buying social justice analyses how governments in developed and developing countries use their contracting power in order to advance social equality and reduce discrimination and

argues that this approach is an entirely legitimate and efficient means of achieving social justice the book looks at the different experiences of a range of countries including the uk the usa and south africa it also examines the impact of international and regional regulation of the international economy and questions the extent to which the issue of procurement policy should be regulated at the national european or international levels the role of ec and wto law in mediating the tensions between the economic function of procurement and the social uses of procurement is discussed and the outcomes of controversies concerning the legitimacy of the integration of social values into procurement are analysed buying social justice argues that european and international legal regulation of procurement has become an important means of accentuating the positive and eliminating the negative in both the social and economic uses of procurement

Board of Contract Appeals Decisions 1990

the rapid developments in government contract law of the late 1990s and early 2000s have necessitated a new edition of this casebook which offers the first contemporary one volume casebook for a government contracts course all chapters have been updated with new cases and notes and two entirely new chapters have been added to ensure that the book s coverage is complete the casebook makes government contract law accessible to readers of all backgrounds from second year law students who have taken only basic contract law to commercial lawyers and non lawyer government contract professionals seeking a broad legally focused introduction to the field while all the traditional areas of interest receive coverage the book emphasizes cases from increasingly important areas such as high technology health care commercial products and state needs tiefer and shook bring

academic and practitioner experience and expertise to their treatment of government contract law a teacher s manual is available

Project Management for Healthcare 2020-01-23
