## **My Life as a Foreign Country: A Memoir**

2014-09-15

brilliant and beautiful it surely ranks with the best war memoirs i've ever encountered tim o'brien author of the things they carried an award winning poet and former infantry team leader in iraq brian turner combines his devastating recollections as sergeant turner with his visions of the experiences of generations of warriors in his family and even those of the enemy in a work of profound understanding and shocking beauty

## **Into the Wider World**

2013-10-12

a celebration of new zealand's special wild places by its finest poet brian turner is one of this country's best known and best loved poets and also one of its most determined conservationists in this beautifully illustrated anthology with photos by grahame sydney and gilbert van reenan he brings together both old and new essays columns articles and poetry that concentrate on the wild places and outdoor pursuits he loves and of which he is such an unabashed articulate and passionate champion

## **Phantom Noise**

2014-09-01

a soldier struggles to reintegrate exploring the foundations of the psyche and how history instructs identity

## ***The Wild Delight of Wild Things***

2023-08-08

although grief is at the forefront of these poems the wild delight of wild things is a simple love letter to turner's late wife poet illyse kusnetz 1966-2016 the poems are also a love letter to our planet during the ongoing sixth mass extinction intertwining this immense grief turner explores the hybrid borderlands of genre and the meditations on love and loss blur the boundaries between poetry and lyric prose in italian the word stanza is rooted in the word room and so stanza by stanza room by room page by page we draft ourselves forward into the imagination our arms filled with all that we can carry from the days gone by this is the art of survival profound grief teaches us how to dwell in the house of memory that vibrant temporal landscape of the past where we might live with the dead we love once more

## Boundaries

2015-10-21

brian turner s name is synonymous with central otago albeit a different central one well removed from the tourist centres and vineyards his central is at the boundaries watching the local rugby teams fishing the waters of the manuhirikia cycling towards the snow covered hawkdun range it s where he and his neighbours live and work the author is a devout fisherman cyclist and passionate ambassador for the great outdoors boundaries is peppered with impressions evocations and recollections of the way life was and is today all set within the spectacular hills rivers and big skies of central otago this handsome collection is charged with evocative and candid prose and poetry and an inspiring alternative vision boundaries is illustrated throughout with stunning photographs by steve calveley

## The Goodbye World Poem

2023-08-07

while turner author of here bullet grieves the loss of his wife to cancer the goodbye world poem is a series of poetic meditations that sit quietly in the silent afterward of someone s death losing his wife his father and his best friend in quick succession turner explores those relationships through the complicated lenses of moments in time weaving in and out of memory to explore the disparate history that fuses together to form ones psyche throughout the collection a prevailing motion recurs that of submersion sinking plunging into the deep whether it be the ocean or the subconscious in other words this book is a kind of poetic biography a journey of the self that ultimately pours everything that s happened in a life all of the love and all of the loss into the moment of death itself the poems are meant to be celebratory and sublime in their comprehension of what happens to our memories when we die and if the reader is inclined the reader becomes the vessel who holds all of this in their own imagination carrying turner and his memories forward into their own lives in a small way

## Here, Bullet

2007

here bullet is a harrowing first hand account of the iraq war by a soldier poet iraq war veteran brian turner writes powerful poetry of witness exceptional for its beauty honesty and skill like keith douglas s poems from the north african desert in the second world war turner s testament from the war in iraq offers unflinchingly accurate description but no moral judgement leaving the reader to draw any conclusions repetitive media reports show little of people s daily experience of the five year war in here bullet we see and feel the devastatingly surreal reality of everyday life and death for soldiers and civilians through the eyes of an eloquent writer who served in the us army for seven years with a year s tour of duty in iraq as an infantry team

## **My Life as a Foreign Country**

2014-06-26

in 2003 sergeant brian turner was at the head of a convoy of 3 500 us soldiers as they entered the iraqi desert now still stalked by conflict he retraces his war experience and meditates on the echoes between his story and those of generations of soldiers marching to battle before him spanning pre deployment to combat zone world war i to vietnam boredom to bloodlust roadside bombs to open mic nights my life as a foreign country asks what it means to be a soldier and a human being the most haunting book i read this year irish times his shrapnel like chapters come at you from all angles compulsive guardian turner is a soldier with the soul of a poet daily telegraph wrathful wry and incantatory erica wagner new statesman beautiful electrifying and full of pain washington post

## ***Voluntary Health Insurance in Europe: Country Experience***

2016-07-20

no two markets for voluntary health insurance vhi are identical all differ in some way because they are heavily shaped by the nature and performance of publicly financed health systems and by the contexts in which they have evolved this volume contains short structured profiles of markets for vhi in 34 countries in europe these are drawn from european union member states plus armenia iceland georgia norway the russian federation switzerland and ukraine the book is aimed at policy makers and researchers interested in knowing more about how vhi works in practice in a wide range of contexts each profile written by one or more local experts identifies gaps in publicly financed health coverage describes the role vhi plays outlines the way in which the market for vhi operates summarises public policy towards vhi including major developments over time and highlights national debates and challenges the book is part of a study on vhi in europe prepared jointly by the european observatory on health systems and policies and the who regional office for europe a companion volume provides an analytical overview of vhi markets across the 34 countries

## **Military Review**

2015

following the loose series of turner s other recent 2023 publications the wild delight of wild things and the goodbye world poem this third book in this collection serves as a poetic guide to help us navigate the world we live in the dead peasant s handbook begins with the difficulty and hardship of navigating the world after losing a loved one before allowing oneself to gravitate

---

again towards delight and wonder with deep dives into history the poems traverse the wild terrain of our lives and it remains ever constant to the theme at the core of all three recent books that of love and loss the poems take their structure from guidebooks featuring subject areas connected to the general experience of being human war and conflict dreams love and loss and survival the book itself takes its title from an insurance industry policy dead peasants in which companies can take out insurance on their workforce in case of loss or death sometimes without employees knowing and so this book is also a commentary on the people and moments that are too often elided over and given the vault of silence and maybe lost to time

## **Professional Journal of the United States Army**

2015

this book examines the intersecting forces of nationalism terrorism and patriotism that normalize an acceptance of the global war on terror as essential to maintaining freedom and democracy as defined by white nation states readers are introduced to speculative ethnography an experimental methodology that bends time and space through the practice of avant garde poetics this study conceptualizes terrorism as a place of colonial encounters between soldiers insurgents civilians and leaders of nation states the tactics of suicide bombings employed by the tamil nationalist movement the liberation tigers of tamil eelam are juxtaposed with drone strikes in asymmetric warfare where violence becomes a means of dialogue each chapter weaves seemingly disparate narratives from multiple experiences and sites of war inviting readers to witness the condition of getting lost in that willful attachment to killing and being killed in service of patriotic pride and national belonging

a key intensifying change affecting rural areas in the last few decades has been a decline in the proportion of national populations whose principal livelihood is farming the corresponding redistribution of population has typically resulted in a net population loss to rural areas and diversification of rural activity the corporatization and technological modification of food production has prompted new policy challenges and has bound rural and urban populations

---

together in new relationships articulated in moral discourses of custodianship food safety and sustainability contributors to this volume came together in the attempt to stimulate collective insight into trends of rural change in australia new zealand and europe the first two countries have been characterised by avowedly neoliberal rural policy with considerable departures from it in practice europe on the other hand by a mix of policy measures which attempt to integrate land management and sustainability diversification and maintenance of a competitive farming sector within an overarching policy framework more overtly though only partially oriented towards sustaining rural society aiming to build on research relating to the character of rural transitions this volume offers substantive and critical contributions to the understanding of the sources of unpredictability instability and continuity that underpin rural transition the papers explore changes and continuities in policy the governance of rural spaces technological developments relating to rural areas and populations and social forms of subjectivation and participation in increasingly diverse rural settings

you can tell a true war story if you just keep on telling it tim o brien writes in the things they carried widely regarded as the most important novelist to come out of the american war in viet nam o brien has kept on telling true war stories not only in narratives that cycle through multiple fictional and non fictional versions of the war s defining experiences but also by rewriting those stories again and again key moments of revision extend from early drafts to the initial appearance of selected chapters in magazines across typescripts and page proofs for first editions and through continuing post publication variants in reprints how to revise a true war story is the first book length study of o brien s archival papers at the university of texas s harry ransom center drawing on extensive study of drafts and other prepublication materials as well as the multiple published versions of o brien s works john k young tells the untold stories behind the production of such key texts as going after cacciato the things they carried and in the lake of the woods by reading not just the texts that have been published but also the versions they could have been young demonstrates the important choices o brien and his editors have made about how to represent the traumas of the war in viet nam the result is a series of texts that refuse to settle into a finished or stable form just as the stories they present insist on being told and retold in new and changing ways in their lack of textual stability these variants across different versions enact for o brien s readers the kinds of narrative volatility that is key to the american literature emerging from the war in viet nam perhaps in this case you can tell a true war story if you just keep on revising it

the notion that war plays a fundamental role in the united states idea of itself obscures the rich and by no means naïve seam of anti war thinking that winds through american culture non violent resistance far from being a philosophy of passive dreamers instead embodies ralph waldo emerson s belief that peace can never be defended never be executed by cowards giorgio mariani rigorously engages with the essential question of what makes a text explicitly anti war ranging from emerson and joel barlow to maxine hong kingston and tim o brien waging war on war explores why sustained attempts at identifying the anti war text s formal and philosophical features seem to always end at an impasse mariani moves a step beyond to construct a theoretical model that invites new inquiries into america s nonviolent nonconformist tradition even as it challenges the ways we study u s warmaking and the cultural reactions to it in the process he shows how the ideal of nonviolence and a dislike of war have been significant if nonhegemonic features of american culture since the nation s early days ambitious and nuanced waging war on war at last defines anti war literature while exploring the genre s role in an assertive peacefighting project that offered and still offers alternatives to violence
